SALES MANUAL

CAMPO MARZIO

ROMA 1933

ABOUT US

Design and **intelligence** meet **style** and **artisan tradition** at Campo Marzio, the historic Roman brand specialised in business and travel accessories, leather goods for him and for her, gifts, stationery and exquisite writing instruments.

Established in **Rome** in **1933**, in the heart of the district admired by artists such as Picasso, Guttuso and De Chirico, as well as Federico Fellini and the protagonists of “La Dolce Vita”, for almost ninety years Campo Marzio has been sharing the all-Italian ability to interpret classical elegance through colour. From the outset, due to its prominent location near Montecitorio, it became a point of reference for politicians, liberals and the intellectuals of the Roman centre.

In the years of La Dolce Vita, when Rome found its glory and recognition by attracting some of Hollywood’s greatest stars who were immortalised by the paparazzi, **Campo Marzio** started to earn respect and appreciation from the international market and the jet set that regularly frequented the Capital in search of characteristic restaurants, luxury boutiques and historic shops.

The maison continued to grow through the 70’s and 80’s. In fact, Campo Marzio became a popular destination for socialites, artists and celebrities from the entertainment industry who came to lose themselves in the vibrant world of the Campo Marzio boutique.

In the 1990’s, a new development came to life from the artisan workshop which was aimed at the internationalisation of the brand, by stepping into the worlds of travel and business with the intention of transmitting its style, craftsmanship, quality and the typical versatility of the brand.

The original savoir faire and the extraordinary creative capacity meet a modern managerial vision that allows the historic Roman workshop to consolidate its recognition as an international brand. What was once a modest workshop, full of charm thanks to its elegant ink cartridges that come in every shade of colour and its stunning writing instruments, today it is a recognisable brand which is appreciated around the world for its ability to build upon its heritage, using it to create a stylish service for a **contemporary lifestyle**.

The collections of accessories, women’s bags, small leather goods, items for travel and work that combine practicality and elegance, are designed and created as objects of design in which timeless shapes meet the emotions of colour. Functional, original and consistently contemporary, Campo Marzio is the result of an extraordinary ability to master the perfect balance between proportions, attention to detail and creativity. Simple and charming, Campo Marzio products have conquered the world, managing to coordinate concepts of excellence, versatility and Italian style. The proposals in the collections can also become unique objects thanks to the many possibilities of personalisation.

Today, the products are distributed through a network of over fifty mono-brand stores around the world, located in the most important city centres, as well as through the more widespread traditional distribution channels. With an important development plan of its own network in place, the company has now also branched into the area of **travel retail**, where it owns boutiques in Roma Termini train station, the airports of Roma Fiumicino, Barcelona, Madrid, and even in mainland China. More exciting openings are already expected later this year.

The travel boutiques represent an opportunity to share the brand and engage potential customers while at the station or airport. Campo Marzio stores transform moments of waiting around into occasions to celebrate Italian lifestyle and bring home the emotions of a journey through high quality products. Campo Marzio shares this vocation with its **partners**, in **co-branding** projects, and with its customers all over the world, offering a solid international network, commercial support and excellent assistance.

The colours and the style of Campo Marzio fully express the personality of those who are looking for a timeless style that will never bore. Wherever you are to write a new story.

Product descriptions and characteristics are updated at the time the catalogue is printed. As a result, they may undergo variations without any communication to the customer.

Errors and omissions: Despite the countless checks and the great effort made to ensure that all the information in the catalogue is correct, errors and/ or omissions may still occur.

HOW TO READ CAMPO MARZIO ARTICLE CODES

The speaking codes of Campo Marzio

Suggestions for “decoding” the products by simply “reading” the Campo Marzio article code.
The alphanumeric codes of the Campo Marzio articles are always composed of 12 fields. The last 6 digits follow precise rules and identify the main FEATURE and the colour of the article.

A) For the products illustrated in the sections **BAGS&ACCESSORIES | PORTFOLIOS | COVERS | CASES NOTEBOOKS&PADS | DESKTOP ACCESSORIES**
the fields **7-8-9** of the code identify: the **MATERIAL**
the fields **10-11-12**, instead, always describe the COLOUR of the article.

B) For the products illustrated in the section **WRITING INSTRUMENTS**
the fields **7-8-9** of the code identify: the **TYPE OF PEN**
the fields **10-11-12**, instead, always describe the **COLOUR** of the article.

Material		Type of pen
005 Faux Leather	007 Paper	001 Ballpoint
006 Leather	012 Nylon	002 Fountain
		003 Roller

Es: COL003005001 “Double tote bag”		Es. HERMIN001002 “Ballpoint MINNY”	
005	identifies the material (in this case f.leather)	001	identifies the type of pen(in this case ballpoint)
001	identifies the colour (in this case black)	002	identifies the colour of the barrel (in this case blue)
COL003005001		HERMIN001002	
COL003 = CODE ROOT=> DOUBLE TOTE BAG		HERMIN = CODE ROOT => BALLPOINT PEN MINNY	
005	FAUX LEATHER	001	BALLPOINT PEN
001	BLACK	002	OCEAN BLUE

NOTES ON THE ROOT OF THE ITEM CODE

In many cases the **ROOT** of the article code identifies the the type of product and the model.
For the **WRITING INSTRUMENTS**, the root of the code begins with **HER** followed by the first 3 letters of the model, e.g. HERMIN001002
HER (fields 1-2-3) = WRITING INSTRUMENT
MIN (fields 2-3-4) MODEL MINNY
001 (fields 7-8-9) TYPE OF PEN = BALLPOINT
The first 3 letters of the root HER could be followed by other letters which vary according to the product type, for example NIB. All the codes of the pen nibs begin with HERNIB.
The first 3 letters of the root of NOTESBOOKS & PADS are:
PAP (Paper)
E.g. PAP005007003: PAP (paper), 005 (model), 007 (material), 003 (colour).
The first 3 letters of the root of DESKTOP ACCESSORIES are:
DES (Desk)
E.g. DES008005005: DES (desk), 008 (model), 005 (material), 005 (colour).

ADVICE FOR USE AND MAINTENANCE

Fountain pen

Avoid forcing the nib on the paper as this may cause the ink to leak and the nib to bend, which would need to be replaced.

Roller pen

Avoid hitting the top of the refill as the ballpoint on the tip may become damaged, making the writing stroke uneven.

DOUBLE TOTE BAG
THE ICONIC BAG

CUSTOMS CODE
42022210

COLOURFUL & SOFT

A complete collection of bags and accessories designed for those who live everyday life with character! People who live life as a protagonist, every moment and in every context: work, extra-professional commitments, shopping, relaxation. The lines and shapes chosen to flank the iconic double tote bag are also soft. Clean-cut lines, Italian design, colour, attention to detail and functionality: these are the characteristics of this collection, made with high quality faux leather, with two layers and in contrasted colours, making it light and resistant, adding a touch of joy to each object!

DESCRIPTION

Iconic double tote bag with internal colours in contrast with external lining

- Completely reversible allows you to totally change your look
- A double stitching, taken from the world of saddlery, gives this tote bag its unmistakable shape
- Raw-cut edges and lacquering in the same shade
- Accompanied by a flat pouch with zip (13,5x20,3x0,5 cm) and strap with caribiner that can be used as a wrist clutch
- Metal details in chrome-plated silver
